

Ticketing-in-a-Box – The Electronic Biscuit Tin

Why Stimare Ticketing in a Box is the world's simplest way to professionally sell tickets:

*Simple, secure and small, Stimare Ticketing in a Box **requires***

- Five minutes event reconfiguration
- Five minutes operator training, and
- Five minutes end of shift conciliation

*Stimare Ticketing in a Box **does not require***

- Expensive software licenses, complex hardware or pre-printed tickets
- Space consuming in situ PC, monitor or separate cashbox, or
- Costly and time consuming technical support needed

Ticketing-in-a-Box – The Electronic Biscuit Tin

Ready to use straight from the box, Stimare Ticketing in a Box is a contemporary take on the traditional 'Biscuit Tin' or 'Cigar Box' associated with ticket and cash administration at many small and medium size events. And, while it is easy to operate, Stimare Ticketing offers all the security and reporting features required of modern ticketing system.

The world's smallest ticketing system

Stimare Ticketing in a Box is ready to use straight from the box, requiring only five minutes training to operate. It makes individual ticket sellers responsible for their own cash conciliation and offers promoters multiple reporting options to improve the efficiency of their events.

What events is Stimare Ticketing in a Box recommended for?
